Term 4, Week 8

### Weekly message

Dear Parents,

We now only have 2 weeks before the Christmas vacation. Significant events for this week and next are:

#### Building Update

This week we held the final Building Reference Group meeting for the year with representatives from the Department of Education's Infrastructure division, Technology division, Builders Hansen and Yuncken and the GHD, the consultant group managing the project. We finalised the furniture and fittings to be installed, and there was considerable discussion around how the handover of the new classrooms would be undertaken. Estimated handover date is now late April, so during First Term there will be a range of stakeholders involved in the final phases of the build including: Cleaning contractors, Technology consultants, our Department's Asset Management Unit and of course our teaching staff as there will be a mass of information to process on how everything operates, where electrical and data outlets are located and how to operate that new technology. It is all very exciting and the building is visibly changing every day.

#### Canteen Closure last two weeks of school

Thank you to all parents who have supported our school by providing lunches etc for your children over these last two weeks. We understand that it is an inconvenience, but hopefully full access will be restored to our canteen over the holidays so that we can resume normal operation.

#### New Demountable Installation

Work continues on the installation of the fourth demountable, with the Foreman informing me that it will be installed before we break on the 18<sup>th</sup> December.

#### First Lego League Robotics Competition

Last weekend our two school Robotics teams competed in the Illawarra Regional First Lego League competition. Both FLL teams received trophies at the Illawarra Regional FLL competition on Saturday. The Urban Avengers won a mechanical design trophy due to their innovative robot design. Their robot achieved

360 points on the day, which is extraordinary! The Affinity Stones won a Judge's trophy for their strong core values, teamwork and determination. They also achieved a high score of 325 on the competition robot table, which is impressive, given the complexity of the challenges. As the Affinity Stones were all-rounders across all components of the competition, they have been invited to compete at the Nationals at Macquarie University next Sunday.

### **Chess Team Success**

Our school chess team has had some outstanding success, recently becoming Country champions. They were due to play Emmanuel College from Sydney at our school today for the State title, but the contest had to be postponed as the smoke from bushfires has made travel from Sydney too dangerous for the city team. We look forward to a rescheduling of this contest.

### **Stage 3 Surf Safety Days**

On Tuesday and Wednesday students from Stage 3 walked to the beach and participated in a range of activities designed to help them learn how to enjoy swimming and playing at the beach safely. It was a fantastic experience for all involved with some students who had never been on a surfboard enjoying an awesome experience riding waves. It was a wonderful and quite possibly life- saving experience.

### **2020 Student Leadership Elections.**

This week our prospective student leaders from Year 5 gave their election speeches to the rest of the school. Unfortunately I was ill and disappointingly missed the speeches. The school then voted, and those votes have been counted ready for the announcement of the 2020 Student Leadership at our Excellence Assembly on Friday 13 December.

### **Drama and Dance Presentations**

Over the last two days we have seen a Drama presentation from Smiths Hill High School students who visited our school yesterday, and the Joanne Grace School of Dance performance at the IPAC Theatre today. Both were high quality performances and were thoroughly enjoyed by all the students who attended.

### **School Assembly**

Today we hold our final regular whole school assembly for the year and I will be handed out the last Bronze, Silver and Gold Awards for the year. Next Monday I will be hosting a special Movie Viewing with the Gold Awardees in recognition of their contribution to our school. I look forward to sharing this time with them.

### **Final Day of School**

**Just a reminder that Wednesday 18<sup>th</sup> December is the final day of school for all students** and also teachers, who have completed alternate professional learning so that they do not need to attend on the 19<sup>th</sup> and 20<sup>th</sup> of December, so our school will be closing on the 18<sup>th</sup>.

Have a great weekend,  
Kind regards,

**Harold Cosier**

### **Deputy Principal News**

#### **Reports**

As you can see from the image below, we have not changed the way that we are reporting student achievement in Key Learning Areas other than Mathematics and English. The marks for Creative Arts reflect the focus areas and this may change depending on the stage of your child's learning. The social development and commitment to learning descriptors have been adjusted towards our Positive Behaviour for Learning model. It's also worth noting that the additional activities will only be displayed if your child has participated, as this was a commonality in the feedback received from both parents and teachers. The final update regarding reports will be next week before they are distributed on Monday 16<sup>th</sup> December.

## Parent Feedback

Please feel free to contact me if you have any celebrations, concerns or would like to discuss aspects of our school. To arrange an appointment you can email me at [matt.richards5@det.nsw.edu.au](mailto:matt.richards5@det.nsw.edu.au) or contact the school office on 42289120.

I hope you all have a wonderful weekend. Wishing you many happy moments in the week ahead.

Kind regards,  
**Matt Richards**

# Instructional Leader Update by Mrs Neaves and Mrs Critoph

## Home Readers

Teachers are busy finalising end of year reading data and continuing to make sure all students are engaging in quality reading lessons throughout each week until the end of term. After this week, however, the children in K-2 will no longer be bringing home the reader that they are working on in class so these resources can be organised for 2020. A stocktake process of our readers is currently underway. We encourage all families to return our reading resources to school as soon as possible and we thank you for your support with this. We would also encourage all families to keep their home reader bags in a safe place and bring back to school after the holiday break.

## Stage One Robots

Stage One students have been busy designing, making and advertising robots as part of our integrated persuasive writing and Science/Technology unit of work. Students used principles of design to plan and create a robot. They then used their knowledge of persuasive devices to create posters, advertising their robot. The final step of this process is to write and deliver a speech, persuading their audience to buy their robot. Students have thoroughly enjoyed this rich learning opportunity and have produced wonderful work! Here are some samples of their robot creations and advertising posters.

## SPORTING AWARDS

On Thursday 5<sup>th</sup> December, Tilly along with her parents, Rachel and Matt, joined Miss McKechnie at the 35<sup>th</sup> Annual Sporting Awards and Blues Presentation Ceremony at the Illawarra Turf Club Function Centre, Kembla Grange.

Tilly was nominated by Miss McKechnie for her outstanding commitment, dedication and overall results throughout 2018/19 in the sporting disciplines of Cross Country, Athletics (800m, 200m, 100m) and Swimming (all strokes and events). She has represented her past and current schools at District, Regional, State and National levels.

Congratulations Tilly on your 2019 Blues Winner Award! Wollongong Public School is very proud of you!

# Positive Behaviour for Learning at WPS!

## What is PBL?

PBL stands for Positive Behaviour for Learning. It is a whole school approach for promoting positive behaviour within our school. PBL is about teaching the desired behaviours to students and showing them how they can be successful, allowing for a safe and supportive learning environment.

## What are our school values?

Our school values are the expectations the school and community of WPS believe are required to create a positive learning environment. The 3 school values are: **Respect**, **Responsibility** and **Safety**. All areas around the school have the school values and expectations displayed on signs to support students in making positive choices on the playground and in classrooms.

## PBL Lessons

Each week, teachers engage students in PBL lessons which reinforce the three school values and expectations. Our teaching focus for this week was **assembly**. We appreciate your support with discussing these expectations with your child.

Wollongong Public School		
Assembly		
RESPECT	RESPONSIBILITY	SAFETY
Enter and leave quietly	Sit in area as directed by teachers	Enter and exit in your class lines
Shake hands when receiving an award	Sit without speaking	Walk to and from the stage
Clap politely		Sit with legs crossed and hands in laps
Listen and look at the speaker		

## PBL WHOLE SCHOOL PUGGLE DAY

Congratulations WPS for collectively reaching 5000 puggles this term!

To acknowledge all students on this achievement,

WPS will be holding a **Free Choice Muffi Day** on **Wednesday 11th December 2019**.

All children are welcome to dress in their choice of appropriate casual clothing

(no gold coin donation required 😊).

After recess, there will be fun rotational activities for all students to participate in!

Artist impression of the Wollongong Public School upgrade

## Wollongong Public School

Project update

December 2019

### Investing in our schools

The NSW Government is investing \$6.7 billion over the next four years to deliver 190 new and upgraded schools to support communities across NSW. In addition, a record \$1.3 billion is being spent on school maintenance over five years. This is the largest investment in public education infrastructure in the history of NSW.

### Wollongong Public School

A project is underway at Wollongong Public School to provide 10 flexible learning spaces, refurbished administration facilities, refurbished amenities, and a new covered outdoor learning area (COLA).

### Progress summary

The refurbished administration building is completed and in use by the school and work is continuing on the new learning building. The upgrade to Wollongong Public School is expected to be completed in mid 2020.

### Construction update

Current work includes a concrete pour on Level One and completion of concrete columns from Level One to the roof. Installation of structural steel on the Ground Floor is finalised, and progressing on Level One. Internal and external framing of the Ground Floor has commenced.

### Summer holidays works

Works will continue over the school summer holidays. There will be a construction shut down period from COB 24 December, 2019 to 2 January, 2020. More information about these works will be detailed in an upcoming works notification.

### Information session details

For more information on the project and the opportunity to speak to the project team, please visit the upcoming information session on Friday 13 December from 11.00am-1.30pm at Wollongong Public School.

### For more information contact:

# Wollongong Public School

## Works notification

### 5 December 2019

We are writing to inform you of the planned removal of bonded asbestos at Wollongong Public School. This work is scheduled to occur during the school summer holidays, the date and timing of the removal will be provided closer to the removal date.

Material containing bonded asbestos (asbestos that is not airborne) has been discovered on the construction site. Bonded asbestos is attached to other materials (such as cement or vinyl) and cannot be crumbled or powdered by light pressure and does not pose a risk to students, staff or the local community.

Safety measures have been put in place to ensure there is no risk to students, staff or the local community. The area has been secured and appropriate control and monitoring measures have been installed.

The material will be removed by a licensed asbestos removal contractor outside of school hours. All work will be conducted by licensed and accredited asbestos removalists and all clearance certificates issued by independent occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The works will be conducted in accordance with the Department of Education's Asbestos Management Plan and Safe Work NSW requirements including the following precautionary measures:

- Isolation of the work area
- Monitoring, testing and clearance certification by a consultant hygienist

The health, safety and well-being of the school community is our highest priority and we will continue to keep the community updated.

Popper 100% juice (3 Flavours)	\$2.50
Milk 300ml (plain)	\$2.50
Light Milk 300ml (3 Flavours)	\$3.00

As required by the NSW government all menu items sold each day, are to be listed as Everyday or Occasional food to allow parents and caregivers informed choices.

The NSW state government states menu items are required to be 75% everyday and 25% occasional.

Made Fresh is proud that we have exceeded this requirement. We have kept our prices reasonable even after an increase to the levy for the "container scheme fee". Our suppliers have also increased their prices on eligible/quality goods under the new "star system".

Your child's healthy eating is paramount to our business.

Thank you for your ongoing support.
